

## London Fire Brigade's Free Home Fire Safety Checker

Protect your home with a simple check – that's the message from London Fire Brigade this winter. It's an expensive time of year, and you don't want the cost of fire damage added to your bills.

The Home Fire Safety Checker is a new tool created by London Fire Brigade and it's designed to help you spot risks in your own home, or the home of anyone you're worried about.

The free tool asks a few simple questions about the household, and then guides you around each room in the home pointing out which hazards to look out for. You're then provided with tailored advice and

practical tips, which you can email to yourself, or the homeowner, to refer back to.

So please, check your own home, and then help a neighbour check theirs - you may well be surprised at what risks you've been overlooking for years.

You can find the free Home Fire Safety Checker by going to: [london-fire.gov.uk/HFSC](https://london-fire.gov.uk/HFSC)
